

Page 1

The image shows a large, bold red Arabic logo at the top, which appears to be 'www'. Below it, on the left, is a small green rectangular box containing the word 'جوانب' (Jo'ab) in white Arabic script. The background is a light grey.

The image consists of a graphic design. On the left, there is a vertical red bar. Inside this bar, there are several white geometric shapes: a small square at the top, followed by a larger square below it, and a larger square at the bottom. To the right of this red bar is a yellow horizontal bar. Inside this bar, there are two green squares, one positioned near the center and another towards the right side. The background of the entire image is a light gray color.

The image features a large, stylized graphic in the foreground. It includes the year '196' in red and yellow, and '3' in red, positioned next to '196'. The background is a night photograph of a grand, classical-style building with multiple arched windows and a balcony illuminated in green. A set of wide stone steps leads up to the entrance, where a few people are visible. The sky is dark, suggesting it is nighttime.
